

Johannes V. Gragger received the Dipl. Ing. (FH) degree in electronic engineering from the University of Applied Sciences (UAS), Technikum Wien, Vienna, Austria, in 2003, and the M.Sc. degrees in industrial electronics and international business engineering from Technikum Wien in 2008 and 2009, respectively.

In 2004 he joined the Austrian Institute of Technology (AIT) where in 2013, he was appointed as the Thematic Coordinator of the Power Electronics Research Group. In 2018 Mr. Gragger joined Siemens Mobility Austria GmbH as a metro propulsion system engineer. Since 2021 he is the head of the Competence Field Power Electronics and Control in University of Applied Sciences, Technikum Wien. His research interests include converter circuits, drive systems, control engineering and modeling, where he authored and co-authored 30+ related publications.
